

**5<sup>th</sup> Grade CSOs**  
**Tested on Benchmark Test #4**

<b>WV CSO</b>	<b>Description</b>
M.O.5.1.03	estimate solutions to problems involving whole numbers, decimals, fractions, & percents
M.O.5.2.01	use inductive reasoning to find missing elements in a variety of patterns
M.O.5.2.02	given an input/output model using two operations, determine the rule, output or input.
M.O.5.2.03	solve simple equations & inequalities using patterns & models & create graphs
M.O.5.5.01	predict the probability of a real-world simulation & test the prediction with experimentation
M.O.5.5.02	construct, read, & interpret tables, charts, & graphs
M.O.5.5.03	real-world data to construct a circle graph (with and without technology)
