

To Insert a CD Audio Track on a Slide

1. Display the slide to which you want to add a CD audio track.
2. Click the **Insert** menu, point to **Movies and Sounds**, and click **Play CD Audio Track**.

3. Select the track as well as the timing options that you want, and then click **OK**.

4. A dialogue box is displayed. If you want the track to play automatically when the presentation moves to the slide, then click **Yes**. If you only want the track to play when you click on the icon during the presentation, then click **No**.
5. A CD icon appears on the slide.
