

Odyssey for Parents

Logging In

- ☞ If a blank browser window appears when you log in, you may have cleared the cookies, cache, or history in Internet Explorer on your computer. To fix this, minimize the browser window. You should see a dialog box that says, "When you send information to the Internet, it might be possible for others to see that information. Do you want to continue?" You need to click YES. Then maximize your browser window.
- ☞ If the launch pad does not appear after you log in, it may be hidden behind the login screen. To fix this, minimize the login screen. You may also select the launch pad from the task bar at the bottom of your screen.
- ☞ Do not use special characters to create your password. Use only letters or numbers.
- ☞ It is recommended that you set your text size to Medium in Internet Explorer.
- ☞ All functions in Odyssey are set to only require a single mouse click. Avoid double-clicking, right-clicking, keyboard shortcuts, delete key, and backspace key.
- ☞ If a third-party pop-up blocker is installed on your computer, that application must be disabled. Odyssey requires that at least two browser windows be open simultaneously.

Logging Out

It is imperative that you click the LOG OUT button on the Odyssey screen to log out. Do NOT just click on the X on your browser to exit *Odyssey*.

Student Reports

Parents can click on the Reports tab to view Student Score Report, Attendance Report, and Duration Report for their child.
