How to Build a Standards-Based Assignment

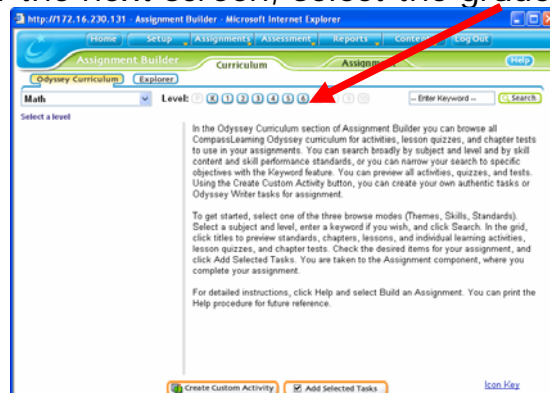

1. After logging in, rest your mouse on **ASSIGNMENTS** at the top of the screen. From the drop-down list, click on **ASSIGNMENT BUILDER**.

2. On the next screen, click on the drop-down list on the left and select your subject.

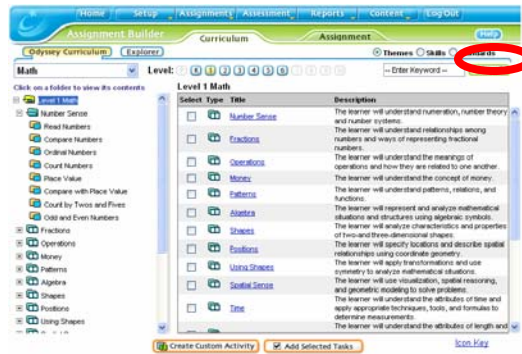

3. At the top of the next screen, select the grade level.

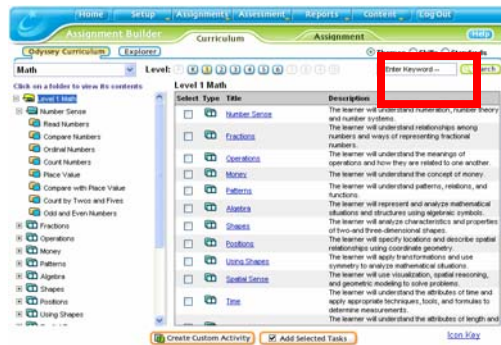

Odyssey

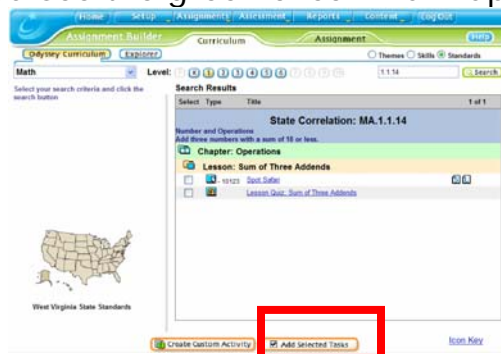

4. On the right of the next screen, click on the button to select **Standards**.

5. On the next screen, in the box to the left of Search, type in the CSO number, and click **Search**.

6. The next screen displays all Odyssey lessons and quizzes that correlate to that CSO. Select which lessons and/or quizzes you want to include by clicking on the square to the left of the lessons, so you see the green check mark appear on the square.

7. At the bottom of that same screen, click on **ADD SELECTED TASKS**.

8. If you want to add more activities, click on ADD CURRICULUM. If you have completed your selections, click on COMPLETE ASSIGNMENT.

9. Name your Assignment using the CSO and save to MY SCHOOL.
